

Poly Power Meets Microsoft Teams

Get fast and reliable solutions for your business

Benefits:

- Highly accurate speaker tracking and quality group framing
- Reduce distracting noises and side conversations from interrupting your meetings
- Poly Studio Room Kits aim to be easy to use and simple to set up

OPTUS

Poly Room Solutions for Microsoft Teams Rooms on Windows

Poly Studio Room Kits for Microsoft Teams Rooms on Windows help deliver a simple, clutter free user experience with brilliant video and audio features for focus rooms all the way up to large boardrooms. With a Poly Room Solution you can free up the conference table surface especially in smaller rooms, while the tabletop touch controller connects to the dedicated collaboration PC securely stowed in the cabinet or on the wall with a single cable.

Poly AI-driven technologies such as DirectorAI equalizes physical distances in the meeting room and helps ensure that participants in the room are in view with automatic camera framing technology.

Audio innovations such as Poly NoiseBlockAI and Acoustic Fence technology intelligently block out distracting noises inside and outside the room, to help your voice to be heard clearly.

Help transform office areas into high efficiency collaboration spaces with Poly Studio Room Kits for Microsoft Teams Rooms on Windows.

OPTUS

Solutions for different size rooms

Focus Room

- Typically 1-2 persons
