Information about the Service

This plan is a Postpaid Mobile service that contains the inclusions listed in the table above.

Eligibility

Prior to 12 December 2019, this plan was available to new and recontracting services.

From 12 December 2019, this plan is available to new and recontracting services with selected handsets (as advertised from time to time). Existing customers cannot change rate plan to this plan. Customers cannot trade-up or Flex Upgrade to this plan.

Handset

You must purchase a handset to use with this plan and pay it off over 24 months. Handset repayments may apply depending on the handset you pick. When you connect to a plan which has a monthly handset credit, this will reduce the monthly repayment cost of the handset you have chosen. If you cancel early, you will forfeit any handset credit and will have to pay the remaining handset repayments in full.

New Phone Trade-up

After 12 months on this plan, you have the option to pay a one-off fee of **\$149**, return your original mobile handset to Optus in good working order and sign up to a new eligible handset plan. You may also need to sign a separate agreement with our second hand vendor to transfer ownership of your original mobile handset. Alternatively, if you wish to keep your original mobile handset, you can simply pay out the full remaining cost of your mobile handset, including any monthly handset credit that Optus was going to cover. You are under no obligation to use the New Phone Trade-up option.

Included value

Monthly inclusions are set out in the table above and included usage types are outlined below:

- **Standard national calls and text**
Included value can be used for calls, SMS and MMS in Australia to standard Australian numbers, calls to 13/1300/1800 numbers, voicemail retrievals/deposits and voicemail diversions.
- **Data to share**
This plan shares data within Australia. If you have more than one plan that data shares on the same billing account, the included monthly data allowance will combine into one Data Pool, which will be shared by all the plans that share data on that account. If you use more than your included data (either on the handset or any connected handset/mobile broadband device) we'll automatically give you another 1GB for \$10.

If you use more than an extra 150GB on a single billing account we may continue to charge you at the same rates or restrict your data until next billing period. Any unused data expires at the end of each billing month. If you don't want to share data between your services, they will need to be on separate billing accounts. Data is counted in kilobytes, and includes uploads and downloads.

What's not included

Your monthly calls, text and data cannot be used overseas and do not include calls to directory assistance, video calling, premium numbers or content charges. For details of those charges please refer to your pricing plan in the Postpaid Mobile standard agreement found at optus.com.au/sfoa

Special promotions and extras

This summary may not cover all special promotions or optional extras you may select. Entertainment options are available and charges may apply depending on your plan. By signing up to an entertainment option, you agree that it is subject to change at any time. We will try to give you at least 21 days' prior notice of a change, however, this does not entitle you to terminate your plan. Entertainment options can be cancelled at any time; you just pay for these charges until the end of that bill cycle and your plan will continue for the rest of its term.

Fair Go Policy

Our Fair Go Policy applies to this plan. Its purpose is to ensure all our customers can access our services, and don't use our services in a manner we consider 'unreasonable' or 'unacceptable', including, but not limited to 'non-ordinary' or 'commercial purpose use' of this plan. It also sets out your responsibilities when you use the internet and confirms steps we may take to monitor and ensure compliance with this policy. For more information see optus.com.au/fairgo

Information about pricing

See the table at the start of this summary for your plan pricing and minimum monthly charge. If you use your mobile for things not included in your plan or exceed your monthly data allowance, you'll have to pay more than your minimum monthly charge set out in the table.

Monthly charges are paid in advance and any charges not included in your plan will appear on your next bill after they are incurred.

Cancellation

There are no plan cancellation fees. You will simply need to pay out the full remaining cost of your mobile handset, which will include any monthly device credit that Optus was going to cover. Plus all charges incurred up until the date of cancellation.

Plan changes

If you signed up to this plan prior to 12 December 2019, you can change your plan during your contract term provided you move to another My Plan Plus plan (excludes SIM Only) with a higher monthly access fee. You cannot change your plan during the contract term to a plan with the same or lower monthly access fee. If you change your plan during your contract term a fee may apply and any handset repayments will remain the same.

If you signed up to this plan from 12 December 2019 onwards, you cannot change to a different postpaid mobile plan while you are in the minimum term of this plan.
