### OTHER INFORMATION

#### Changing The Access Method

We may change the access method for your service for the remainder of your minimum term and move you to:

- A new plan that is reasonably comparable with your current plan; or
- An alternative plan, but only if we take reasonable steps to address any detrimental impact that the change may have on you that is not minor.

If we change your access method, you must provide all reasonable assistance to enable the change to be implemented, including access to your premises and equipment. If we are upgrading you to Optus NBN, by entering into this agreement you are giving your consent for NBN Co. to install their equipment required to connect you to their network. Unless otherwise agreed with you, we will not charge you for installing or equipment we supply to you to use with the changed access method. Alternatively, we may ask you to change your access method during your minimum term even if the change may have a detrimental impact on you that is more than minor. If you refuse our request, we may cancel the service by giving you at least 90 days' notice. If the service is cancelled, you will be liable for charges incurred up to cancellation, but you will not be liable for any cancellation fee or outstanding equipment charges. We will contact you to discuss the details of any changes we plan to make to your access method prior to making the change.
